Tournament Rules Cont.

Game Points: Teams will be awarded points in round-robin play according to the following:

2 points for a win

1 point for a tie

Zero points for a loss

Tournament Standings: Standings will be compiled by the tournament director and posted at the rink.

Teams will be ranked within their tournament division by the total number of points obtained. In the event of a tie, final standings will be determined by the following criteria: In the event of a division that contains a cross-over game or two divisions with the same age and ability group, the tournament director may use his or her discretion to make the Championship game within that division as competitive as possible.

This could mean taking the top team from each division and have them play each other rather than having the top two teams in each color division play in the Championship. Also please keep in mind this is not a State Tournament where all Age divisions have to be exactly. All tournament directors when working with teams from multiple states take many factors into consideration when putting brackets together. With information from your team and past history, some teams may be placed in a lower or higher division. Please let me know if you have any questions.

Head to head competition – With 3 or more teams tied, all teams must have played each other and there must be an obvious winner. If not we skip Head to Head and go to Most Wins.
